Q: What is a Road Rally? Is it a race?

A: A Road Rally is a SKILLS competition. Each team has a Driver, a Navigator and possibly additional team members who work on clues/questions. The “course” is over public roads. The teams follow directions and solve clues. It is not a race. Scoring penalizes speeding. The team that drives the course in the time and distance closest to the targets and correctly answers the most “Point Questions” wins**.

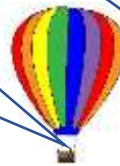

A donation of \$40 per vehicle is suggested. JOIN THE FUN!
